My Wife's Affair Nancy Woodruff

Peter accepted his fate as a failed novelist turned semi-successful businessman, but even after three children, his wife Georgie always held onto the actress inside her.

When Peter gets a job in London, the move sets Georgie down a seductive path to the life she always wanted. Landing a one-woman show, she is drawn into the romance of the stage and begins to feel a kinship with her character-Dora Jordan, a famous eighteenth-century actress who had thirteen illegitimate children, ten fathered by the future King of England-and develops an irresistible attraction to the show's playwright, beginning an affair that will irrevocably change her life, her marriage, and her world.
