Mountainscape

Mountainscape

The mountains of the UK are diminutive in scale when compared to the great ranges of each continent, the Himalaya, the Rockies, the Alps, but what they lack in scale, they make up for in raw wildness. The weather in the UK changes constantly. There is no place where this is more true than on and around the mountains and hills of England, Scotland, & Wales. One minute it can be hot and blazing with sunshine, the next it can be freezing and snowing, This monograph captures those emotions perfectly and beautifully.
