## **Personal Recollections of the Civil War, By One Who Took Part in It As a Private, Soldier in the 21St Volunteer Regiment, of Infantry from Massachusetts (Classic Reprint)** James Madison Stone

No sooner had some of the volunteers reached the front, and been subjected to the hardships and exposures of army life, than they fell sick, were sent to the hospital and were discharged without passing through any serious campaigns. Others were wounded early, were disabled and were never able to return to their regiments. The more fortunate passed sound and unscathed through battle after battle and campaign after campaign through the whole war. Three years of active campaigning and a year in the hospital was the allotment of the writer, who thus was in the service from the beginning to the end of the war. Whatever the merits or demerits of this work may be, the impressions and the composition are my own. They are an elaboration of notes made during the war and directly after it, following which, it has taken the form of a diary.
