Understanding Manga and Anime Robin E. Brenner

Teens love it. Parents hate it. Librarians are confused by it; and patrons are demanding it. Libraries have begun purchasing both manga and anime, particularly for their teen collections. But the sheer number of titles available can be overwhelming, not to mention the diversity and quirky cultural conventions. In order to build a collection, it is important to understand the media and its cultural nuances. Many librarians have been left adrift, struggling to understand this unique medium while trying to meet patron demands as well as protests. This book gives the novice background information necessary to feel confident in selecting, working with, and advocating for manga and anime collections; and it offers more experienced librarians some fresh insights and ideas for programming and collections.

In order to build a collection, it is important to understand the media and its cultural nuances. Many librarians have been left adrift, struggling to understand this unique medium while trying to meet patron demands as well as protests. This book gives the novice background information necessary to feel confident in selecting, working with, and advocating for manga and anime collections; and it offers more experienced librarians some fresh insights and ideas for programming and collections.

In 2003 the manga (Japanese comics) market was the fastest growing area of pop culture, with 75-100% growth to an estimated market size of \$100 million retail. The growth has continued with a 40-50% sales increase in bookstores in recent years. Teens especially love this highly visual, emotionally charged and action-packed media imported from Japan, and its sister media, anime (Japanese animation); and libraries have begun purchasing both. Chock full of checklists and sidebars highlighting key points, this book includes: a brief history of anime and manga in Japan and in the West; a guide to visual styles and cues; a discussion of common themes and genres unique to manga and anime; their intended audiences; cultural differences in format and content; multicultural trends that manga and anime readers embrace and represent; and programming and event ideas. It also includes genre breakdowns and annotated lists of recommended titles, with a focus on the best titles in print and readily available, particularly those appropriate to preteen and teen readers. Classic and benchmark titles are also mentioned as appropriate. A glossary and a list of frequently asked questions complete the volume.

From reader reviews:

Ronald Fowler:

Why don't make it to be your habit? Right now, try to prepare your time to do the important act, like looking for your favorite reserve and reading a reserve. Beside you can solve your condition; you can add your knowledge by the guide entitled Understanding Manga and Anime. Try to the actual book Understanding Manga and Anime as your close friend. It means that it can to become your friend when you sense alone and beside that of course make you smarter than previously. Yeah, it is very fortunated to suit your needs. The book makes you much more confidence because you can know anything by the book. So , we need to make new experience in addition to knowledge with this book.

Allan Kean:

Playing with family in a park, coming to see the sea world or hanging out with buddies is thing that usually you might have done when you have spare time, in that case why you don't try point that really opposite from that. 1 activity that make you not experience tired but still relaxing, trilling like on roller coaster you already been ride on and with addition of knowledge. Even you love Understanding Manga and Anime, you may enjoy both. It is fine combination right, you still wish to miss it? What kind of hang-out type is it? Oh can occur its mind hangout fellas. What? Still don't get it, oh come on its known as reading friends.

Annette Carroll:

Reading a book to become new life style in this season; every people loves to learn a book. When you study a book you can get a lots of benefit. When you read textbooks, you can improve your knowledge, since book has a lot of information onto it. The information that you will get depend on what types of book that you have read. If you need to get information about your research, you can read education books, but if you act like you want to entertain yourself you can read a fiction books, this kind of us novel, comics, and soon. The Understanding Manga and Anime offer you a new experience in examining a book.

Henry Brown:

What is your hobby? Have you heard that will question when you got pupils? We believe that that question was given by teacher to their students. Many kinds of hobby, Every individual has different hobby. Therefore you know that little person similar to reading or as reading through become their hobby. You need to know that reading is very important as well as book as to be the point. Book is important thing to provide you knowledge, except your personal teacher or lecturer. You find good news or update with regards to something by book. Many kinds of books that can you go onto be your object. One of them is actually Understanding Manga and Anime.
