Meticulously grounded in original scholarship, this ambitious project is the definitive biography of Dr. Joseph Warren. Making sense of the subject's opaque eighteenth-century physician's account books was a feat of both forensic analysis and medical historical scholarship. It was also the elusive key to understanding Joseph Warren's life experiences. Scholar-physician Samuel A. Forman has used his capabilities in history, medicine, and business accounting combined with his enthusiasm for the topic to produce a volume worthy of its subject. ?xml:namespace prefix = o ns = "urn:schemas-microsoft-com:office:office" /
