## **Problem Solving in Neuroradiology** Meng Law, Peter M. Som, Thomas P. Naidich

Problem Solving in Neuroradiology, by Meng Law, MD, Peter M. Som, MD and Thomas P. Naidich, MD, is your survival guide to solving diagnostic challenges that are particularly problematic in neuroimaging. With a concise, practical, and instructional approach, it helps you apply basic principles of problem solving to imaging of the head and interventional neck, brain, and spine. Inside, you'll find expert guidance on how to accurately read what you see, and how to perform critical techniques including biopsy, percutaneous drainage, and tumor ablation. User-friendly features, such as tables and boxes, tips, pitfalls, and rules of thumb, place today's best practices at your fingertips, including protocols for optimizing the most state-of-the-art imaging modalities. A full-color design, including more than 700 high-quality images, highlights critical elements to enhance your understanding.

- Apply expert tricks of the trade and protocols for optimizing the most state-of-the-art imaging modalities and their clinical applications used for the brain and spine-with general indications for use and special situations.
- Make the most efficient use of modern imaging modalities including multidetector CT, PET, advanced MR imaging/MR spectroscopy (MRS), diffusion-weighted imaging (DWI), diffusion tensor imaging (DTI), and perfusion weighted imaging (PWI).
- Successfully perform difficult interventional techniques such as biopsies of the spine and interventional angiography-key techniques for more accurately diagnosing cerebral vascular disease, aneurysm, and blood vessel malformations-as well as percutaneous drainage and tumor ablation.
- Know what to expect. A dedicated section is organized by the clinical scenarios most likely to be encountered in daily practice, such as neurodegenerative disease, vascular disease, and cancer.
- Avoid common problems that can lead to an incorrect diagnosis. Tables and boxes with tips, pitfalls, and other teaching points show you what to look for, while problem-solving advice helps you accurately identify what you see-especially those images that could suggest several possible diagnoses.
- See conditions as they appear in practice thanks to an abundance of case examples and specially designed full-color, high-quality images which complement the text and highlight important elements.
- Quickly find the information you need thanks to a well-organized, user-friendly format with templated headings, detailed illustrations, and at-a-glance tables.

**From reader reviews:**

**Yvonne Wagner:**

Have you spare time to get a day? What do you do when you have a lot more or little spare time? Yes, you can choose the suitable activity with regard to spend your time. Any person spent their own spare time to take a walk, shopping, or went to typically the Mall. How about open or read a book eligible Problem Solving in Neuroradiology? Maybe it is being best activity for you. You realize beside you can spend your time together with your favorite's book, you can wiser than before. Do you agree with their opinion or you have other opinion?

**Cora Snyder:**

Nowadays reading books be a little more than want or need but also be a life style. This reading addiction give you lot of advantages. The huge benefits you got of course the knowledge your information inside the book this improve your knowledge and information. The data you get based on what kind of e-book you read, if you want get more knowledge just go with training books but if you want truly feel happy read one with theme for entertaining for example comic or novel. The particular Problem Solving in Neuroradiology is kind of guide which is giving the reader unforeseen experience.

**Angeline Allison:**

Playing with family in the park, coming to see the sea world or hanging out with buddies is thing that usually you may have done when you have spare time, then why you don't try thing that really opposite from that. Just one activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you already been ride on and with addition of information. Even you love Problem Solving in Neuroradiology, you are able to enjoy both. It is excellent combination right, you still desire to miss it? What kind of hangout type is it? Oh come on its mind hangout guys. What? Still don't have it, oh come on its named reading friends.

**Monica Bonner:**

Do you like reading a reserve? Confuse to looking for your best book? Or your book was rare? Why so many issue for the book? But almost any people feel that they enjoy regarding reading. Some people likes examining, not only science book but novel and Problem Solving in Neuroradiology or maybe others sources were given information for you. After you know how the fantastic a book, you feel wish to read more and more. Science publication was created for teacher or perhaps students especially. Those books are helping them to increase their knowledge. In various other case, beside science book, any other book likes Problem Solving in Neuroradiology to make your spare time more colorful. Many types of book like here.
