Compared to other technologies like the television, VCR, and even personal computer, the rapid pace of DVD adoption is unprecedented. This information-packed book offers thorough instruction on how to build appealing DVD menus using the DVD Studio Pro toolset, a sophisticated, professional-level DVD authoring tool from Apple. The book features real-world tutorial projects that demonstrate how to get fast, professional results, add Hollywood features to a DVD, and streamline production while maintaining a creative edge. It also shows how to create a wide variety of menu styles, automate image production, customize menus, construct seamless motion menus, and much more. Written by two graphic designers with years of experience designing interfaces, *Designing Menus with DVD Studio Pro* is an informative companion to a high-powered piece of software.
