New Testament Greek Intermediate: From Morphology to Translation Gerald Stevens

New Testament Greek Intermediate is the companion volume to New Testament Greek Primer. The Intermediate text reviews grammar, expands vocabulary, and exposes the student to more New Testament context. The grammar review will help consolidate the student's knowledge by deepening the discussion, adding more illustrative paradigms and introducing new syntax. New vocabulary is explained and divided by frequency into seven vocabulary lists for the respective vocabulary exams. New exercises challenge the students and increase their fluency in translation. In addition, the text includes informative illustrations and graphics, thoughtful layout, full indexes, a glossary, charts and new paradigms. By the end of this course, the student is thoroughly prepared for Greek exegesis and advanced courses on Greek syntax.
