Rag Rugs (Letts Contemporary Crafts) Ann Davies

Rag rugs have been a feature of homes in the UK and the USA since the middle of the 19th century. Warm and hard-wearing, they can be made from recycled clothes, blankets, or any other textiles that may be lying around. Designs and colours vary from subtle natural patterns to bold, bright rugs, showing the versatility of the craft. Ann Davies describes the various techniques used, including hand techniques of hooky and proddy, and a plethora of gadgets designed to make the job easier. Illustrated in colour, the book also includes advice on dyeing fabrics in the microwave, cutting by hand or other methods, and working with or without a frame, and discusses different backing materials and ways of finishing rug edges.
