## Analectos, Os (Portuguese Edition) Confucio

Os recursos financeiros para ajuda humanitária cresceram significativamente nos últimos anos – os fundos das Nações Unidas para esse fim, por exemplo, saltaram de US\$ 2 bilhões em 2000 para US\$ 11 bilhões em 2009. O valor, porém, é irrisório se comparado aos US\$ 802,9 bilhões que os Estados Unidos despenderam entre 2003 e 2011 na Guerra do Iraque, provocando a morte de algumas centenas de milhares de iraquianos e transformando em refugiados internos cerca de 5,5% da população do país (algo em torno de 1,6 milhão de pessoas). Como os pesquisadores brasileiros avaliam esses dados e todo o cenário da Defesa e Segurança nos dias atuais? Que análise eles fazem da trajetória desse campo de estudos no país? Em oito artigos, esta obra traça um panorama abrangente acerca do tema. Surgidas logo após a redemocratização, as primeiras iniciativas consistentes de pesquisa de assuntos estratégicos no Brasil definham com a adesão do país ao neoliberalismo. A partir da abertura política, em meados da década de 1980, os estudiosos almejavam romper com o monopólio militar na área de defesa e segurança. Já nos anos seguintes, o tema minguou na academia e eles aderiram quase que exclusivamente, e de forma acrítica, à bibliografia anglo-saxônica. Tal situação, afirma um dos autores desta coletânea, representou concretamente uma ameaça à soberania intelectual e política do país. Uma das consequências da escassez de bibliografia foi a emergência da noção de “segurança multidimensional”, que equipara risco ou desafio a “ameaça” e trata como questões de segurança fenômenos que são na verdade sociais, políticos, econômicos, ambientais, energéticos. Os artigos aqui reunidos tratam de vários outros conceitos e aspectos que floresceram em especial nas últimas duas a três décadas no mundo, como as “guerras preventivas”, a agenda de “segurança hemisférica” dos Estados Unidos, a fusão, nesse país e na Colômbia, das atividades militares e policiais sob o pretexto de combate às drogas, e a situação, em meio à crise europeia, dos países da Europa Centro-Oriental, secularmente reféns de interesses estrangeiros.
