Natural Compounds in Cancer Therapy: Promising Nontoxic Antitumor Agents From Plants & Other Natural Sources John C. Boik

Natural Compounds in Cancer Therapy is a classic reference work for patients and medical professionals interested in use of nontoxic botanical compounds in the treatment of cancer. It offers a snapshot of the field circa 2001, and its insights are still pertinent today. *Natural Compounds in Cancer Therapy* was among the first books to discuss the use of natural products against cancer from a systems biology perspective. Cancer patients, doctors, nurses, pharmacists, scientists, and herbalists, or those with an interest in cancer or alternative medicine, will find *Natural Compounds in Cancer Therapy* a highly informative and useful resource.
