## **A História Secreta do Ocidente (Portuguese Edition)** Nicholas Hagger

Ao mapear as atividades das organizações secretas, este livro apresenta uma narrativa cronológica de todas as revoluções, da Renascença (que começou em 1453) até a Revolução Russa. Cobre as realizações mais importantes de todos os revolucionários lendários, como Robespierre e Lênin. Mostra como as visões utópicas de sociedades ideais acabam em massacres e decapitações, contendo assim uma advertência. Cada revolução é apresentada em termos de uma dinâmica em quatro partes, nova e original. Um idealista tem uma visão oculta, que outros enunciam em termos intelectuais. Ela é corrompida por um regime político e tem como resultado a supressão física (como nos expurgos de Stálin). O Sumário, no final de cada capítulo, inclui tabelas que resumem essa dinâmica, de acordo com cada revolução. Por reunir uma grande quantidade de informações inéditas, este estudo é inovador.
