Argentina: A Global Studies Handbook (Global Studies: Latin America & the Caribbean) Todd L. Edwards

Argentina: A Global Studies Handbook is a revealing look at South America's second largest nation, providing an interdisciplinary introduction to the country's economy, history, geography, politics, government, society, and culture.

Argentina spans over five centuries of the nation's evolution—from the arrival of the conquistadors through the years of revolution and independence, from the Peron era and the often difficult post-Peron transitioning, to the surprising success of current president Néstor Kirchner. The book features both narrative chapters on the country's history and culture, and a reference section with alphabetically organized entries on important people, places, events, and more. There is no better place to begin an investigation of Argentine society and culture, its rich artistic traditions and volatile politics, and the dramatic history that shaped the nation as it is today.

Dean Herbert:

As a university student exactly feel bored to help reading. If their teacher questioned them to go to the library or to make summary for some e-book, they are complained. Just small students that has reading's soul or real their leisure activity. They just do what the instructor want, like asked to go to the library. They go to right now there but nothing reading seriously. Any students feel that looking at is not important, boring as well as can't see colorful pics on there. Yeah, it is being complicated. Book is very important for you. As we know that on this era, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore this Argentina: A Global Studies Handbook (Global Studies: Latin America & the Caribbean) can make you experience more interested to read.
