Norse Romance III: Haerra Ivan(Arthurian Archives)

Haerra Ivan (Sir Ivan, the Knight with the Lion) is the first major work of fiction in Swedish, and an important Scandinavian example of Arthurian romance. The translation from the French original was carried out at the request of the German-born Queen Eufemia of Norway, a country with a richer literary culture than Sweden at the time: Haerra Ivan thus brought Continental, courtly culture to the then recently formalised Swedish feudal class. Last edited in 1931, the poem has been unjustly neglected in recent years; this edition and English translation, with introduction, will make it widely accessible to international scholars.
