The Island of Doctor Moreau

H. G. Wells

The Island of Doctor Moreau H. G. Wells

English novelist and social commentator, chiefly known as a founder of the science fiction genre.

His early novels, called "scientific romances", invented a number of themes now classic in science fiction in such works as *The Time Machine*, *The Invisible Man*, and *The War of the Worlds* and are often thought of as being influenced by the works of Jules Verne. He also wrote other, non-fantastic novels which have received critical acclaim, including the satire on Edwardian advertising *Tono-Bungay* and *Kipps*.

Wells also wrote non-fiction. His classic two-volume work *The Outline of History* [1920] set a new standard and direction for popularised scholarship.
