Fierce Joy Ellen Schecter

Fierce Joy: A Memoir is a medical mystery, a spiritual adventure, and a love story. Ellen Schecter had everything she ever wanted: a loving marriage, two great kids, and her dream career writing children's books and television programs. Then her life shattered when she was diagnosed with a painful, potentially fatal disease. Fierce Joy tells the story of how Schecter found a way to be sick without suffering and transformed the loss of her place in the world of work into a quest for her soul. Propelled by illness into a search for new meanings, she learned to listen to her body and find healing even though a cure was impossible. Never asking "Why me?" she instead asked, "What's next?" and forged a new life paradoxically filled with joy.
