In the world of Dominant/submissive and Master/slave relationships, new seekers often find an overriding ideal archetype of dominants, masters, and mistresses always being big and strong, and able to physically overpower and discipline their submissives and slaves. But what happens when the dominant is or becomes disabled, and requires caretaking from the submissive? This book is an anthology of the experiences of brave disabled dominants and the people who gladly serve them, and how they maintain their authority from the darkness, the chair, and even the bed. These stories are a bouquet of triumph and loyalty, and an inspiration to every temporarily-abled person who reads them.
