This book of tricks is almost one hundred years old, and is thoroughly enjoyable. The tricks come with complete instruction as well as diagrams for many of them. Here is a bit of the preface from the author: This book contains simple tricks only. No apparatus is required and but little sleight-of-hand is needed in the performance of any of them. They consist of a series of tricks and problems, easily acquired, suitable for gatherings round the table on winter evenings. Some of them are new and many are old; but even the oldest are new to the rising generation. Six of the latest tricks include A Hindoo Swindle, The Elusive Match, A Subtle Impromptu Effect with a Coin, A novel Card Effect, An Artful Card Forde and Another Easy Card Force. I have included no tricks which require the exercise of much sleight-of-hand; but even the most simple trick should be thoroughly practised before you present it to your friends, especially those tricks which require the assistance of a confederate. Rehearse everything with him thoroughly beforehand. Even your "patter" should be rehearsed. But endeavor to lead your audience to believe that it is all impromptu.
