The Story

As the story begins, you take the role of Kalani, a young Hawaiian who is awakened in the middle of the night by a dancing flame outside of your sleeping hut. It is the spirit of Pele who is seeking your help. While on a journey far from her home, Pele became so tired from surfing day after day that she found a cave and went to sleep for a long, long time. She slept so long away from her home that she became very weak; so weak, in fact, that the rainbow she traveled on broke up into pieces and got scattered all over the island. The sisters and mother of Pele have found the pieces, but they cannot leave the volcanoes they must care for during Pele's absence. So with her last bit of strength Pele has come to you for help, even though you have never been on a journey by yourself before.
