Immunity

William E. Paul

Immunity William E. Paul

This significant book conveys Dr. William E. Paul's enduring enthusiasm for the field of immunology, the incredible accomplishments of the past half-century, and the future's untapped promises.

The immune system has incredible power to protect us from the ravages of infection by killing disease-causing microbes or eliminating them from the body. Boosted by vaccines, it can protect us individually and as a "herd" from diseases such as measles. As Dr. Paul explains, however, the power of the immune system is a double-edged sword: an overactive immune system can wreak havoc, destroying normal tissue and causing diseases such as type I diabetes, rheumatoid arthritis, and multiple sclerosis. The consequences of an impaired immune system, on the other hand, are all too evident in the clinical agonies of AIDS and other immunodeficiency diseases.

Packed with illustrations, stories from Dr. Paul's distinguished career, and compelling narratives of scientific discovery, *Immunity* presents the three laws of the human immune system—universality, tolerance, and appropriateness—and explains how the system protects and harms us. From the tale of how smallpox was overcome to the lessons of the Ebola epidemic to the utility of vaccines and the hope that the immune system can be used to treat or prevent cancer, Dr. Paul argues that we must position ourselves to take advantage of cutting-edge technologies and promising new tools in immunological research, including big data and the microbiome.

From reader reviews:

Jeffrey Brown:

Do you have favorite book? In case you have, what is your favorite's book? Reserve is very important thing for us to understand everything in the world. Each reserve has different aim or maybe goal; it means that guide has different type. Some people truly feel enjoy to spend their time to read a book. They can be reading whatever they acquire because their hobby is actually reading a book. Think about the person who don't like reading a book? Sometime, individual feel need book when they found difficult problem or even exercise. Well, probably you will need this Immunity.

Martha Robertson:

Reading a book tends to be new life style with this era globalization. With examining you can get a lot of information that may give you benefit in your life. Along with book everyone in this world can certainly share their idea. Books can also inspire a lot of people. A lot of author can inspire their own reader with their story as well as their experience. Not only the storyplot that share in the guides. But also they write about the data about something that you need example of this. How to get the good score toefl, or how to teach your young ones, there are many kinds of book which exist now. The authors in this world always try to improve their ability in writing, they also doing some analysis before they write to their book. One of them is this Immunity.

Aaron Powers:

Playing with family inside a park, coming to see the ocean world or hanging out with close friends is thing that usually you may have done when you have spare time, subsequently why you don't try factor that really opposite from that. 1 activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of information. Even you love Immunity, you can enjoy both. It is good combination right, you still need to miss it? What kind of hang type is it? Oh occur its mind hangout people. What? Still don't have it, oh come on its named reading friends.

Catherine Stevenson:

The book untitled Immunity contain a lot of information on that. The writer explains your girlfriend idea with easy way. The language is very clear to see all the people, so do definitely not worry, you can easy to read it. The book was compiled by famous author. The author gives you in the new period of time of literary works.
