Object-Oriented User Interfaces for Personalized Mobile Learning (Intelligent Systems Reference Library) Efthimios Alepis, Maria Virvou

This book presents recent research in mobile learning and advanced user interfaces. It is shown how the combination of these fields can result in personalized educational software that meets the requirements of state-of-the-art mobile learning software. This book provides a framework that is capable of incorporating the software technologies, exploiting a wide range of their current advances and additionally investigating ways to go even further by providing potential solutions to future challenges. The presented approach uses the well-known Object-Oriented method in order to address these challenges.

Throughout this book, a general model is constructed using Object-Oriented Architecture. Each chapter focuses on the construction of a specific part of this model, while in the conclusion these parts are unified. This book will help software engineers build more sophisticated personalized software that targets in mobile education, while at the same time retaining a high level of adaptivity and user-friendliness within human-mobile interaction.

From reader reviews:

Michael Bennett:

Do you have something that you want such as book? The e-book lovers usually prefer to choose book like comic, small story and the biggest you are novel. Now, why not trying Object-Oriented User Interfaces for Personalized Mobile Learning (Intelligent Systems Reference Library) that give your enjoyment preference will be satisfied by simply reading this book. Reading practice all over the world can be said as the opportunity for people to know world better then how they react toward the world. It can't be said constantly that reading addiction only for the geeky man but for all of you who wants to possibly be success person. So , for all of you who want to start examining as your good habit, you are able to pick Object-Oriented User Interfaces for Personalized Mobile Learning (Intelligent Systems Reference Library) become your own personal starter.

Ann Edwards:

Would you one of the book lovers? If yes, do you ever feeling doubt if you are in the book store? Try and pick one book that you find out the inside because don't evaluate book by its cover may doesn't work at this point is difficult job because you are scared that the inside maybe not as fantastic as in the outside look likes. Maybe you answer could be Object-Oriented User Interfaces for Personalized Mobile Learning (Intelligent Systems Reference Library) why because the great cover that make you consider concerning the content will not disappoint a person. The inside or content is usually fantastic as the outside as well as cover. Your reading 6th sense will directly assist you to pick up this book.

Albert Chesson:

Are you kind of stressful person, only have 10 as well as 15 minute in your time to upgrading your mind ability or thinking skill perhaps analytical thinking? Then you are having problem with the book in comparison with can satisfy your short space of time to read it because all this time you only find publication that need more time to be read. Object-Oriented User Interfaces for Personalized Mobile Learning (Intelligent Systems Reference Library) can be your answer mainly because it can be read by you actually who have those short spare time problems.

William Pare:

Many people spending their time period by playing outside with friends, fun activity having family or just watching TV the whole day. You can have new activity to shell out your whole day by studying a book. Ugh, think reading a book will surely hard because you have to bring the book everywhere? It alright you can have the e-book, bringing everywhere you want in your Touch screen phone. Like Object-Oriented User Interfaces for Personalized Mobile Learning (Intelligent Systems Reference Library) which is obtaining the e-book version. So , why not try out this book? Let's notice.
