Oddly Unjust

Larry Hartmann

Oddly Unjust Larry Hartmann

Believe it or not...The OJ Simpson Trial Gives Us Proof Positive that Jesus the Christ is God's Son! In this book, author Larry Hartmann explores the proof that God exists, the Bible is the truth, and Jesus was indeed God's Son through the lens of the OJ Simpson murder trial. Simpson's trial was seemingly an open and shut murder case with reams of evidence. Yet a Dream Team of lawyers took an impossible case against OJ, with solid evidence and one in seven billion odds that said he did it, and somehow shockingly came away with a not guilty verdict. Oddly Unjust draws the parallel between this famous case and the trial and death sentence of Jesus Christ 2000 years ago. The book examines new evidence that now exists to appeal this oddly unjust verdict. Using big data and statistics as well as proven courtroom logic, the book addresses what the odds say and what the most logical and reasonable alternatives are to the big questions about God, the reliability of the Bible and the claims of Jesus Christ. Read this book and you will better understand both sides of the arguments about God, the Bible, Jesus Christ, and the meaning of life. Whether you are a seeker, a skeptic or a believer, this book will be a thought-provoking journey into the questions of God's existence and the impact of the findings on your life and your eternity. Larry Hartmann is a new voice on the issue of Christian apologetics and faith. He brings a fresh and thought provoking perspective as a marketplace leader and entrepreneur, using data and analytics to address the big questions around the Christian Faith."
