Psychic Dictatorship in the U.S.A. Alex Constantine

Bombing minds rather than bodies is the warfare of the new millennium. This book uncovers the terrifying extent of electromagnetic and biotelemetric mind control experimentation on involuntary human subjects.

"The evidence presented in this book is a savage indictment of democracy-turned-dictatorship. The sordid truth about what really goes on in the halls of power is often too much to take, but it does help to have some idea of what we're up against." -- Nexus
