[The Specialists, book 3. An award winning spy series.]

With two successful missions behind her, GiGi is feeling confident and comfortable with the Specialists. Unfortunately, things are about to change. TL has informed her that a notorious chemical smuggler was personally responsible for the death of both her mother and father. The government has been trying to track him down for years, to no avail.

Enter the Specialists, and this time, GiGi's in charge of the mission. Only there's a catch--the success of the mission depends on many things, including Beaker's chemical expertise. And Beaker is the last person GiGi wants to deal with. When the mission deems it necessary to go to Florida, Beaker is ready. But when her cover has to be a cheerleader at the national cheerleading competition, Goth-girl Beaker is not too pleased.

With personality conflicts, mission challenges, and the demanding schedule of the cheerleading competition, it's difficult for Beaker and GiGi to focus on the task at hand. Can they put all things aside and find the smuggler, or will their window of opportunity be shut forever?
