Caring for Books and Documents A. D. Baynes-Cope

Books are fragile objects. In the wrong environment, excessive heat and cold, humidity, animals and insects—even people— can cause rapid damage to a book's fabric.

In this practical guide to maintaining a collection at its best, the author explains the reasons for decay in books and documents and gives straightforward advice on creating the right conditions for a library, large or small.

*Fully revised and expanded edition of this authoritative work

*Illustrated with photographs and line drawings.

*An invaluable addition to any library
