Rethinking Corporate Security in the Post-9/11 Era: Issues and Strategies for Today's Global Business Community Dennis Dalton

The attacks on the World Trade Center and the Pentagon on September 11, 2001 changed the way the world thinks about security. Everyday citizens learned how national security, international politics, and the economy are inextricably linked to business continuity and corporate security. Corporate leaders were reminded that the security of business, intellectual, and human assets has a tremendous impact on an organization's long-term viability.

In **Rethinking Corporate Security**, Fortune 500 consultant Dennis Dalton helps security directors, CEOs, and business managers understand the fundamental role of security in today's business environment and outlines the steps to protect against corporate loss. He draws on the insights of such leaders as Jack Welch, Bill Gates, Charles Schwab, and Tom Peters in this unique review of security's evolving role and the development of a new management paradigm.

- * If you truly wish to improve your own skills, and the effectiveness of your Corporation's security focus, you need to read this book
- * Presents connections of theory to real-world case examples in historical and contemporary assessment of security management principles
- * Applies classic business and management strategies to the corporate security management function

Carol Hamilton:

As a university student exactly feel bored in order to reading. If their teacher expected them to go to the library or make summary for some guide, they are complained. Just minor students that has reading's soul or

real their leisure activity. They just do what the professor want, like asked to go to the library. They go to at this time there but nothing reading very seriously. Any students feel that looking at is not important, boring as well as can't see colorful photos on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this Rethinking Corporate Security in the Post-9/11 Era: Issues and Strategies for Today's Global Business Community can make you really feel more interested to read.
