Sky People Ardy Sixkiller Clarke

“From the beginning, American Indians have told stories about their ancestors who came from the stars. There is now a growing realization that those ancient star civilizations have not forgotten this world. Through the diligent work of the author, Dr. Clarke, and her hundreds of interviews with Indian people throughout the Americas, we can all learn of remarkable, present-day close encounters with Star People.”

—Richard O’Connor, MD, executive director, The Jesse A. Marcel Library

“Commendations are due to Dr. Ardy Sixkiller Clarke. She shares her unique understanding of American Indian cultures and traditions. And now, as a story-teller, she honors thousands of participants and their families by collecting and reporting their extraterrestrial encounters. The UFO community—and all of humanity—is blessed by her heritage, training and professional effort to combine Science and Spirit.”

—R. Leo Sprinkle, PhD, professor emeritus, University of Wyoming

“It is refreshing to see an honest effort to tap UFO reports from an older society not nearly so influenced by movies, TV, hoaxers, etc. as ours. I am not surprised that Ardy, with considerable effort, was able to dig out reports from Mayans. I hope she will continue her work and share it with those of us serious about such matters.”

—Stanton T. Friedman, MSc., author of *Flying Saucers and Science*

“Dr. Ardy Sixkiller Clarke has for more than 20 years done a tremendous amount of field work and has carefully and with spiritual sensitivity collected these stories from the original witnesses. This book is an impressive documentation of the scope and depth of the UFO enigma.”

—Hakan Blomqvist, Cofounder and Chairman, Archives for UFO Research (AFU), Sweden

Dr. Ardy Sixkiller Clarke, author of *Encounters With Star People*, vowed as a teenager to follow in the footsteps of two 19th-century explorers, John L. Stephens and Frederick Catherwood, who brought the ancient Maya cities to the world’s attention. Dr. Clarke set out on a seven-year adventure (from 2003 through 2010) through Belize, Honduras, Guatemala, and Mexico, collecting stories of encounters, sky gods, giants, little people, and aliens among the indigenous people. She drove more than 12,000 miles, visiting 89 archaeological sites (Stephens and Catherwood visited only 44) and conducting nearly 100 individual interviews.

The result is an enthralling series of unique, original, true stories of encounters with space travelers, giants, little people, and UFOs. *Sky People* may very well change the way you perceive and experience the world.
