For each district there is a double-page of addresses (restaurants — listed in ascending order of price — cafés, bars, tearooms, music venues and stores) followed by a fold-out map for the relevant area with the essential places to see (indicated on the map by a star *). These places are by no means all that London has to offer but to us they are unmissable. The grid-referencing system (A B2) makes it easy for you to pinpoint addresses quickly on the map.

Transportation and hotels in London

The last fold-out consists of a transportation map and 4 pages of practical information that include a selection of hotels.

A thematic index lists all the sites and addresses featured in this guide.
