Homemade toys stimulate children's imagination and are often more educational and fulfilling than shop-bought versions. This step-by-step guide shows you how to make simple wooden games and toys with the help of little hands, as well as bigger projects like a garden swing or sandpit.

The book contains thirty fun, child-friendly woodworking projects for both beginners and those who want more of a challenge. No carpentry or woodworking experience is needed to tackle the projects, nor is there any need for expensive tools and materials.

Try your hand at a brand-new project and help your child discover the joy of saying "I made this myself!"

Anette Grunditz collaborated on this book with her partner Ulf Erixon, an art teacher and illustrator. *Woodworking with Children* is the culmination of many years of practical projects with children, including their own.

Illustrated in color.
