El mundo prodigioso de los ángeles (Spanish Edition) Susana Rodríguez

Si el universo tiene un sentido, una armonía o una finalidad, entonces está claro que los hombres -y con ellos los animales y las plantas, que ocupan sólo un fragmento infinitesimal de este universo- no son necesariamente las únicas criaturas que habitan en él. Sería perfectamente lógico que, junto a ellos, existieran otras criaturas, habitando mundos diversos y paralelos, que huirían de la lógica con que estamos obligados a conducir nuestra vida en la tierra. En esta dimensión se ubicarían los ángeles, figuras siempre presentes en las distintas creencias, representadas con imágenes diferentes. En este libro pondremos al descubierto todo lo que hay que saber sobre estos maravillosos seres: jerarquía; papel en las distintas religiones, en la cultura y en el arte; diferentes maneras de contactar con ellos.
