Alison Taylor

Still Single should be a marital status all of its own.

Single girls today are smarter, stronger and funnier, and journalist Alison Taylor is the witty voice for this new generation who are looking for ‘the one’ but not willing to undergo a personality lobotomy in the process.

Covering twelve months in the life of one ever-hopeful (but never desperate) romantic, *The Still Single Papers* charts what happens before a date, during a date and when there are no dates. Hanging out at music festivals, bars and various capital cities, we join the self-styled ‘lovefool’ and friends on her quest for fun, romance and someone to care about.

On her travels, Alison asks the tough questions, like: what does that text *really* mean? Did you shave that yourself? Are you f***ing kidding me?

The Still Single Papers will ring true with a whole generation of cool, educated and ambitious women who can’t quite believe that there are so few fit, single straight guys out there. But that doesn’t stop them from looking and hoping, and hoping and looking . . .
